## Welcome

Whatever the aims of your attendance at an exhibition – sales, brand building, informing about new products or services, your exhibition display should ensure that you can speak to as many visitors as possible.

This Exhibition Catalogue is designed to help you find a display solution for your next exhibition. Whether it be a one off event or if your a time served exhibition attender, we have everything within these pages to help you find the best way to show case your company/ products.

We have everything from portable display solutions, exterior displays to modular custom built display stands for larger events.

The catalogue is designed to be your visual aid for when speaking to our sales staff who will help guide you with the best solution to suit your needs.

- Available in silver
- Carry bag included

# Linear

We have created a convenient range of standard off-the-shelf modular Linear components 'Elements' that can be easily configured to create unique designs that will help you get the most from your budget in the fastest possible timescale.

**Elements include the following standard component sections:**

- Straight - 925mm and 850mm wide
- Curved - 925mm and 850mm wide
- Lockable storage and door sections
- Corner
- Top headers
- Display, A/V and Desk
- Desk
- Tower

Section sizes are designed to suit the standards of most exhibition environments. Height sections are in increments of 0.25m, 0.5m, 1m to offer 2m, 2.25m, 2.5m, 2.75m and 3m overall height options.

Section widths are designed to work as full metre sections with the inclusion of the 75mm Linear upright posts either one side or both sides of a section.

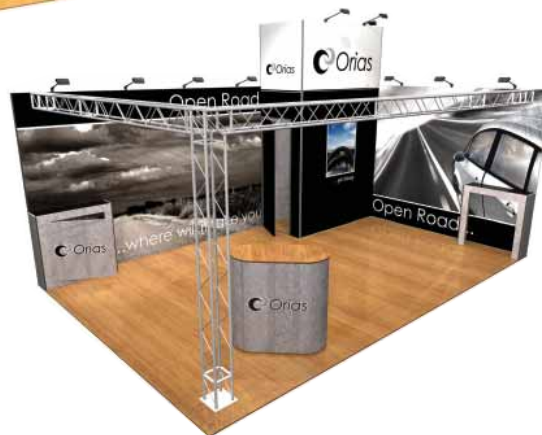

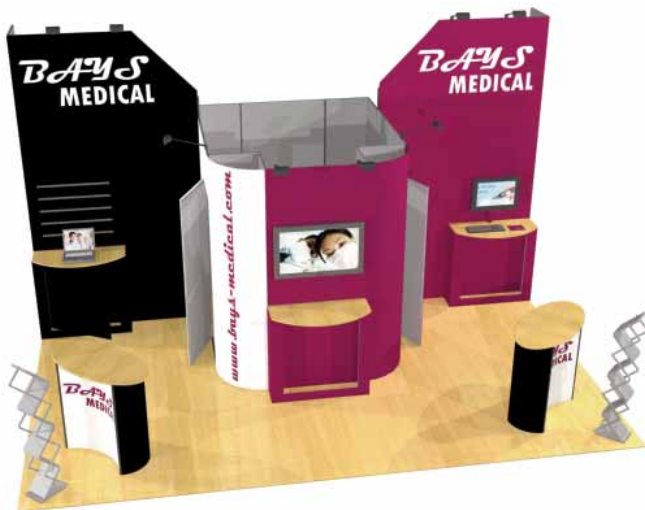

**Linear Elements can be reconfigured and components added to allow for different stand sizes and uses.**

Call us on **0844 209 2274**

## Linear

Available from the Matrix and Phantom ranges are feature panels, lockable doors, curved panels, tabletops, slatwall and replaceable graphic panels, ideal for adding graphics to your modular display. Use them to create any kind of presentation or display from desktop to full exhibition stand.

# Wedges

## Fantasy 2

UB251

- Ideal for the more permanent indoor display
- Non-slip, robust and simple to use
- Available in 3 widths 120mm (pair)/ 350mm / 500mm (120mm Whilst stocks last)

**Recommended graphic area:**  
1200 (h-max) x variable widths

best seller

## Wedge

UB102

Simple, cost effective rigid steel

- Designed to support a variety of rigid materials from 3mm to 40mm thick depending on substrate\*
- Durable and stable
- Available in silver grey
- Available in 300mm, 600mm, 800mm and 1000mm widths

**Recommended graphic area:**  
1800 (h-max) x variable widths

## Rok

UB104

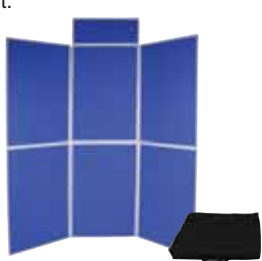

- Ideal for more permanent indoor and outdoor displays
- Moulded plastic base for water or sand weighting
- Available in Black
- Simple and easy to use

**Recommended graphic area:**  
1140 (h-max) x 800 (w-max)

## Panel Kits

Our baseline folding panel kits are lightweight for easy transportation, with a recessed panel face that allows graphics upto 3mm thick to be fixed flush with the extruded frame - that way graphics can remain in-situ during foldaway and transit.

Folding kits are finished in loop nylon fabric which is available in a choice of 30 colours and may be ordered in standard or custom specified configurations. Frame colours available in grey or black.

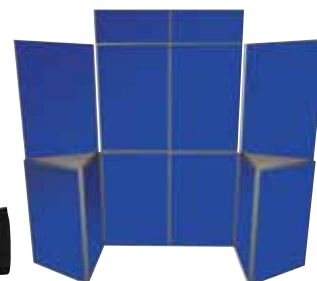

**6 Panel Folding Kit**  
Includes header panel  
**Baseline:** (KK117)  
900 x 600mm panels

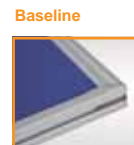

**7 Panel Folding Kit**  
Includes header panel and tabletop  
**Baseline:**  
900 x 600mm (KK114)  
1000 x 700mm (KK314)

**8 Panel Folding Kit**  
Includes 2 header panels  
**Baseline:**  
900 x 600mm (KK120)  
1000 x 700mm (KK320)

## Welcome

Matic Media is a family run business in the display, exhibition and graphic industry. Our dedicated team offers a wealth of skills, well-equipped to provide a professional yet personal service in the UK, or on an international scale.

Our long-standing reputation for quality display graphics has given us an impressive client list, including local authorities, fast-food chains, TV and film production, museums, retail outlets, advertising agencies, corporate marketing departments, acclaimed artists and importantly... graphic design agencies.

We are a market leader in high-quality large format digital print, investing in the best technology and providing the highest level of customer service. We are your premium graphics service that delivers quality every time.

We won the Lanarkshire Business Excellence Award.

# PVC & Mesh Banners

PVC Banners are our speciality. We offer a fast and reliable service with no restriction on width or length. All our banners are printed at high quality 720dpi on 700 micron fire rated PVC banner material. Available clean cut or with pocket and pole or hemmed and eyeletted.

## PVC Banners

1009-SOL-PVCBANN

- Product:** Exterior grade banner material.
- Size Available:** Any size, can be joined together.
- Base Colour Options:** White.
- Suitability:** Interior or exterior.
- Examples of Use:** Temporary signage, fence branding, banner flex sign fascia, hanging banners, small building wraps.

## Mesh Banners

1010-SOL-MESHBANN

- Product:** Exterior grade mesh banner material.
- Size Available:** Any size, can be joined together.
- Base Colour Options:** White Perforated.
- Suitability:** Interior or Exterior.
- Examples of Use:** Temporary signage, fence branding, banner flex sign fascia, hanging banners, building wraps.

## Direct to Fabric & Board Printing

Direct-to-substrate printing is fast, efficient and cost effective. Matic Media can produce high quality large format print onto a whole range of materials. The finish is waterproof, fadeproof and scratch-resistant with deep, rich photographic quality. UV Printing does not use any solvents so is very eco friendly. UV printing is a much greener way of printing than using solvent.

### Foamex PVC

1001-DS-PVC

**Colour:** White, black.  
**Available Thickness:** 3mm, 5mm, 10mm, 20mm

# Photoart

Transform your photos into works of art...

We transform your favourite photos into a work of art by using the highest quality poly-cotton canvas, aluminium composite board, acrylic and PVC panels. Our products are unique and offer something completely different to traditional canvas art... but of course the option is still there if you prefer canvas wall art.

## Canvas Art

### 1026-COLW-CANVAS

Our wooden frames are almost 20mm thick. We print your photo to a fine poly-cotton canvas and stretch it across the face, the corners are folded in and the surplus canvas stapled to the reverse of the wooden frame.

## White Art

### 1027-DS-WHITEART

This unique printing technique applies a full colour image directly to white PVC rigid board. The effect is stunning and unique when mounted on our hidden plastic fittings to offer a "floating" effect, 20mm off a wall.

## Metal Art

### 1028-DS-METALART

Prints direct to metal. This modern material consists of a plastic core with aluminium face, finished with a beautiful brushed steel effect.

## Acrylic Art

### 1029-DS-ACRYLICART

The printed acrylic (Plexiglas/Perspex) helps to enhance a picture providing a superior, glossy face with polished edges - giving a glass-like appearance. The image is mounted to the reverse of the acrylic.

## Black Art

### 1030-DS-BLACKART

This unique printing technique applies ONLY white ink to a black PVC rigid board. The effect is a stunning, unique and contemporary wallART product.

## Poster Art

### 1031-COLW-POSTERART

We print these to a beautiful 150g poster paper and are perfect for parties, birthdays, anniversaries.

## Wallpaper

Custom Wallpaper Printing for home, office and retail interiors.

Bring an entire empty wall to life with custom printed wallpaper. Just pick a wall, create your own design from scratch (or choose an image or illustration from an image library) and easily install it when your wallpaper order arrives. Custom wallpaper printing allows you to choose your own photos, images or designs for home, office and retail interiors.

## Printed Blinds

Our digitally printed Roller Blinds make a stunning addition to any home or office environment. Manufactured to the highest technical specification, our printed blinds are custom made to order using quality components. Have your own photo printed on a blind or use one from our library.

Our roller blinds can also be printed with a base colour of white ink.
